

Dear Ross Township Community Members,

January 14, 2009

The Ross Township Police Department is dedicated to providing the best law enforcement service possible, and strives to serve the community through various programs to keep our community a safe and enjoyable place to live, work and play. Because our department is committed to your safety and well being, we look forward to every opportunity to build positive relationships within our community. To that end, we are pleased to announce a new crime prevention education program in Ross Township- our online newsletter, the *Crime Prevention Connection*.

The Crime Prevention Connection will be your monthly guide to current crime prevention topics, safety tips and issues, important crime events that occur in our community, along with upcoming activities involving our department members. We firmly believe that by providing consistent crime prevention education to our community, we can help you learn how to keep your family, homes and property safe and keep crime and the fear of crime at bay in Ross Township.

We are excited to unveil this newsletter, which will enhance the opportunities our department members have to serve the Ross Township community. With current statistics and regular articles ranging from hot crime trends to home security, we know you will be able to avoid becoming a victim of crime. Additionally you will now have another avenue to contact the police department to let us know if someone or some group is attempting to take advantage of our community members.

As always, I look forward to your comments and suggestions about the Crime Prevention Connection, or any of our community education or outreach efforts.
